

Shubham Wadje

Full Stack Developer — MERN Stack

+91 9028725948 · Shubhamwadje2005@gmail.com · Chhatrapati Sambhaji Nagar, Maharashtra, India

ABOUT

I'm a Full Stack Developer with hands-on experience in the MERN stack. I enjoy building web applications from the ground up — from designing clean UIs to setting up APIs and databases. I pick up new tools quickly and work well in team environments. Currently pursuing my degree while actively working on real-world projects.

EXPERIENCE

Full Stack Developer (Internship)

Aug 2025 – Jan 2026

Tech Surya IT Solution | Chhatrapati Sambhaji Nagar, MH

- Worked on both frontend and backend of web applications throughout the internship.
- Built and consumed REST APIs, handled database operations, and integrated frontend with backend services.
- Strengthened my understanding of JavaScript, Express.js, and MongoDB through real project work.
- Collaborated with a small team, followed code review cycles, and adapted to feedback quickly.
- Delivered tasks on schedule while maintaining clean, readable code.

PROJECTS

Billing Management System

React.js · Node.js · Express.js · MongoDB · REST APIs

- Built a full-stack billing system that lets businesses create and track customer invoices.
- Implemented product management, auto-calculation of totals, and invoice generation.
- Designed the database schema in MongoDB to handle billing records and customer data efficiently.
- Created a clean, responsive UI so non-technical users could navigate it without trouble.

EDUCATION

Bachelor of Computer Science (B.C.S.)

2024 – 2027

Dr. Babasaheb Ambedkar Technological University | Bajaj Nagar, Ch. Sambhaji Nagar, MH

- Focusing on software development, databases, and modern web technologies.
- Building side projects using the MERN stack alongside coursework.
- Exploring TypeScript and AI integrations in personal projects.

SKILLS & LANGUAGES

Technical Skills

React.js, Node.js, Express.js, MongoDB
REST API Development, Redux
JavaScript (ES6+), HTML5, CSS3
Git & Version Control, Agile practices
SQL & NoSQL databases, Responsive Design
TypeScript (learning), UI/UX principles
